DECISIONS

DECISION ON PETITION  
TO MAKE SPECIAL  
(ACCELERATED EXAMINATION)  
UNDER M.P.E.P. §708.02 (VIII)

This is a decision on the Request for Reconsideration filed June 17, 2005 on the petition to make special under 37 C.F.R. §102(d) and M.P.E.P. §708.02(VIII): Accelerated Examination, originally filed on January 10, 2005 and dismissed on April 15, 2005.

The Petition is **GRANTED**.

M.P.E.P. §708.02, Section VIII which sets out the prerequisites for a grantable petition for Accelerated Examination under 37 C.F.R. §1.102(d) states in relevant part:

A new application (one which has not received any examination by the examiner) may be granted special status provided that applicant (and this term includes applicant's attorney or agent) complies with each of the following items:

- (a) Submits a petition to make special accompanied by the fee set forth in 37 CFR 1.17(h);
- (b) Presents all claims directed to a single invention, or if the Office determines that all the claims presented are not obviously directed to a single invention, will make an election without traverse as a prerequisite to the grant of special status;
- (c) Submits a statement(s) that a pre-examination search was made, listing the field of search by class and subclass, publication, Chemical Abstracts, foreign patents, etc. The pre-examination search must be directed to the invention as claimed in the application for which special status is requested. A search made by a foreign patent office satisfies this requirement;
- (d) Submits one copy each of the references deemed most closely related to the subject matter encompassed by the claims if said references are not already of record; and
- (e) Submits a detailed discussion of the references, which discussion points out, with the particularity required by 37 CFR 1.111 (b) and (c), how the claimed subject matter is patentable over the references.

Petitioner is reminded of the proper content of an Information Disclosure Statement (IDS), as set forth in M.P.E.P. 609 and 37 CFR §1.97 & §1.98, such IDS "shall include list of all patents, publications, applications, or other information submitted for consideration by the Office". Presently, a listing of those references cited within the instant petition, although discussed in detail in the petition and indicated to have been submitted, have not been listed on an attached PTO form 1449 or PTO/SB/08 (or such listing has not reached the file). To ensure proper consideration, a listing of these references should be provided. Specifically, in the instant application, applicant cites the following references: (i.e. US# 6,605,102, US# 2004/0083474, Mozilla, Opera, Google, Microsoft (3)) as most closely related. However fails to provide a listing for Examiner's consideration.

Petition to Make Special **GRANTED** since all of the requirements for special status under MPEP § 708.02(VIII) have been met.

The application file is being forwarded to the Examiner for accelerated examination in accordance with M.P.E.P. §708.02, Section VIII. If the application is subsequently allowed, it will be given priority for printing. See M.P.E.P. §1309.
